Mobile Phone and Digital Device Policy

Rationale:

Communication between students and people outside of the school is possible using a variety of methods. Our aim is to ensure that communications are legitimate, appropriate and do not interrupt school and student learning time.

Although we recognise that some students require mobile phones after school hours for safety and communication reasons, we do encourage students to leave their mobile phones at home, unless absolutely necessary.

Process:

- Students are encouraged to **leave mobile phones and digital devices at home.**
- Mobile phones are to be **turned off** when on school grounds.
- The **school is not responsible** for mobile phone and digital devices brought to school.
- Mobile phones and digital devices are **not to be used at school, or on school camps and excursions.**
- Mobile phones and digital devices are not to be used as **cameras** at school.
- Calls from family must go through the **front office and not to a student through their mobile phone.**
- Failure to comply with this policy will result in the phone being confiscated and a parent or caregiver will be requested to collect it from the front office.

Review:

This policy will be reviewed on a biannual basis and as required according to the changing technology.
